PROCEEDINGS

K A U – GA – Cropping Systems Research Station, Karamana renamed as Integrated Farming System Research Station – Orders issued.

(GENERAL ADMINISTRATION)

No.GA/D2/1778/2016

Dated, Vellanikkara, 23/02/2017

Read:- U.O. Note No. GA/G2/18356/2016(3/17)(vi) dated 11/01/2017 alongwith the abstract of the 551st Executive Committee decision.

ORDER

The station named Model Agronomic Research Station was renamed as Cropping Systems Research Station, Karamana in 1989. The station mainly indulges in research activities related to Agriculture. The station cultivation includes various varieties of crops alongwith rearing of cattle and other livestock. Hence, it was found appropriate to rename the station as “Integrated Farming System Research Station”, giving priority to Agri related research activities. ICAR also expressed the same opinion. Accordingly, the Director of Research, submitted a note on this issue before the Executive Committee vide (File No. R4/63961/2015) and the 551st Executive Committee approved the proposal.

Under the circumstances, the Cropping Systems Research Centre functioning at Karamana, is renamed as “Integrated Farming Systems Research Station (IFSRS)”.

(By order of Executive Committee)
